

# Consent for Photography and/or Videotaping

Photography and videotaping will play a significant role in day-to-day activities in our class. With digital cameras now readily available, it is now much easier to take pictures of various classroom activities. These images may then be used in publicity material (online or print) or just kept for class records or in-school displays.

It is important to me to protect the privacy of my students and their families at all times. Therefore, I must obtain written parental consent before I can publish any photographs or video. Photographs published online will only be posted to our class website\*. If the school district requests broader publication of any photos I have taken, your permission will be requested by the district to do so.

Please complete this form and return it to me as soon as possible.
